## Charter Aircraft of the Month – The Boeing Business Jet

From our [VIP Airliners Range](#) of jets, for the month of June we've selected The Boeing Business Jet (BBJ) – a VIP jet that performs with many of the best private planes in its class.

With up to 30 seats, a range of 5600 nm and a top speed of 540 mph, the BBJ comfortably cruises for up to 8.5 hours.

The 5,390 cubic feet of cabin is highly-customisable and can be configured almost any way you wish. A popular configuration is to divide the total space into four compartments, usually a board room, a lounge, a VIP bedroom, a business office, and two lavatories with showers. Separate galley, washroom and luggage storage too!

The price? On average, a pre-owned BBJ will cost you \$61,500,000.00
