James Garfield-Davies – Commercial Director

James Garfield-Davies is a lifelong aviation professional.

James also has a background in Banking and has served as an Army Officer in the Territorial Army. His aviation career began with him flying commercially operated Airbus A320 aircraft, before transferring to the Business/Corporate and Private side of aviation, initially flying a privately operated A319 Airbus Corporate Jet.

Hugely experienced in working with Middle Eastern clients, James has also flown the Falcon 900EX Classic, the Challenger 604 and 605 and the ultra long range Global Express Vision aircraft. James has an eye for detail to Aviation Operations as well as the complex financial transactions within Consultancy Projects, aircraft sales and purchases.

2022

Company

Roland Dangerfield – Operations Director

Roland Dangerfield is a former British Army Officer turned Commercial Aviation Pilot.

He has flown to over 80 countries and some 200 plus destinations carrying Royal Families, Politicians, Diplomats, personalities of the Sports, Film, Television and Music industries. He has an extensive and in-depth operational knowledge of safe and discreet private aviation charter and management operations. Roland has flown Bombardier's Challenger 604 and 605, and also Bombardier's Global Express 5000 and 6000 Vision Aircraft.

His military background brings a high level of organisation, discipline, leadership, and strategic thinking to the business. His private jet experience has helped develop Sentinel into one of the leading VIP Private Jet Charter companies with an enviable reputation in the private jet charter industry for safety, consistently delivering excellent customer service and meeting clients needs.

## Cargo & Freight Solutions

We are experts in air cargo charter operations anytime and anywhere. Whether it's a small quantity of high value low volume cargo, oversized cargo, perishable goods or Dangerous Goods transportation we can assist. Our dedicated onboard courier service is the most efficient and reliable means of transportation. We provide quick, secure, and traceable deliveries for a wide range of consignments.

## Helipad Design & Construction

Owning and operating a private helipad can be difficult, because there are many things to consider when designing and building one. Sentinel Aviation offers comprehensive aviation consulting services that will help you navigate the complex world of private helipads.
